## KALGOORLIE - BOULDER SPECIALIST ORTHOPAEDIC CLINIC

Dror Maor is a West Australian trained orthopaedic surgeon specialising in knee, foot & ankle in the paediatric, adult and athlete populations. This sub-specialisation was attained through an additional 3 years international post fellowship training in the United Kingdom, Europe and the United States.

Dror was raised in Perth and completed both his medical school and orthopaedic surgical training in Western Australia. His wife is originally from Kalgoorlie-Boulder and her family remain active members of the community.

Public patients can have their surgery managed at either Fremantle or Perth Children's Hospital's respectively. When suitable patients can now also have their surgery and further management at Kalgoorlie Regional Hospital.
